

Atul Sasane

Founder

OADEM: *The Office for Architecture + Design + Engineering + Management*)

Atul obtained his Bachelor's degree in **Architecture** in the year 1994 and initiated his professional career with a Design and Engineering Consultancy Company viz. Dalal Consultants P. Ltd (*later Mott MacDonald*) & later with KIPA Architects from 1997-2006.

During the years 2006 -2010 he served as Principal Architect & Head of Operations (Pune) with STUP Consultants P. Ltd., a multinational Design, Engineering and Project Management with a Pan India and international project presence.

Between 2010-17 he served in the Middle East as Chief Architect & Vice-President with Asie Etudes Engineering Consultancy; a French Engineering Company with, and handled the STUP International – Dubai (UAE) operations, controlling and delivering projects in the Middle-East and North Africa Region

During his professional career span of over 25 years, Atul has held key positions on large scale & specialized project teams / consortium with internationally acclaimed Design companies such as Foster + Partners, AECOM, P&T, ADPI, Perkins & Eastman, etc.,

His expertise emanates from designing, managing, steering and successfully delivering multi-faceted projects across continents, codes, cultures, complexities, scales and to international standards. He has experience across project typologies such as Industrial Facilities, Education Campuses and Student facilities, Hospitality, Healthcare, Recreational & Entertainment facilities, Armed forces, Sports Complexes, Rehabilitation and Up-gradation, Built-to-suit, Specialty Projects, Oil and Gas, etc.

With a hands-on multifaceted, multi-dimensional and international professional experience, he returned to India in 2017 to establish **OADEM** (*The Office for Architecture + Design + Engineering + Management*) which is committed to offer its Clients a Professional managed comprehensive a coordinated, managed and documented service to international standards.

OADEM has a Client base for Projects in India, Iran & Middle East.
